

COLUMBUS COUNTY WATERSHED DRAINAGE MANAGEMENT PLAN

BE PART OF THE PLANNING PROCESS, JOIN US AT OUR COMMUNITY UPDATE MEETING

Tuesday, November 17, 2026

N.C. Cooperative Extension - Columbus County Center, 45 Government Complex Road, Suite A, Whiteville, NC 28472

6 PM - 7:30 PM

COLUMBUS COUNTY AND PROJECT PARTNERS INVITE RESIDENTS, LANDOWNERS, BUSINESSES, AND COMMUNITY STAKEHOLDERS TO REVIEW PROJECT FINDINGS AND HELP SHAPE RECOMMENDATIONS TO REDUCE FLOOD RISK AND IMPROVE DRAINAGE THROUGHOUT THE COUNTY.

WHAT WE'LL DISCUSS

- Flood vulnerability and watershed assessment findings
- Priority streams, drainage corridors, and maintenance concerns
- Proposed watershed management and flood mitigation recommendations
- Future improvement projects and implementation priorities

YOUR INPUT MATTERS

Since August, the project team has completed field investigations and assessed flood risks, stream conditions, and drainage challenges across Columbus County. Join us to review findings, ask questions, and share your feedback before the Draft Watershed Drainage Management Plan is finalized. Your input will help prioritize future improvements to protect homes, businesses, farms, and infrastructure.

TOGETHER, WE CAN BUILD A MORE RESILIENT COLUMBUS COUNTY

For additional information, please contact Columbus Soil & Water Conservation District (910) 642-2196 or Columbus County Administration

This project is funded through FEMA's Building Resilient Infrastructure and Communities (BRIC) Program and is being completed in partnership with Columbus County, Columbus Soil & Water Conservation District, Cape Fear Resource Conservation and Development, and Moffatt & Nichol.
